# ParFect SB1™

This Parfect SB1 is specifically geared towards fixed installations without DMX controlling and this affordable unit features easily reachable jog dial and button for smooth high resolution dimmer adjustment. A powerful single source LED luminaire has been designed specifically to provide the highest quality of light with high CRI. Available in different colour temperatures to suit the application - a crisp 6.000 K white for exhibition/display or a warm 2.700 K for stage performance. High resulution DMX dimming and a native 23° output, make it universally appealing. Designed and built entirely at our Czech facility in a lightweight composite material finished in either black or white.
